

With Exceptional Service & Support

Parts – Ready When You Need Them

We understand that you need your parts as soon as possible. And it's our goal to get them to you. As part of our commitment to providing an efficient parts program, our Jungheinrich dealer network has access to genuine OEM parts that can be delivered overnight, anywhere in the United States.

Extensive Dealer Network

With hundreds of locations throughout North America, Jungheinrich dealers offer more than quality lift trucks. By providing direct lift truck sales, forklift rentals, and parts and service support, Jungheinrich dealers strive to provide the service you need — when you need it most.

Parts when you need them

Jungheinrich's Parts Fast or Parts Free Guarantee ensures next-business-day delivery by 5:00 PM of all Jungheinrich parts in the United States, or they're free, including freight. For customers in Canada and Mexico, the guarantee ensures shipping of parts within 24 hours from the time the order was placed by the dealer. See your local Jungheinrich dealer for complete program details.

The Complete Product Range

Modern solutions for your warehousing needs

Who Is Jungheinrich®? Your Trusted Partner For More Than 60 Years.

Jungheinrich® is one of the world's largest forklift suppliers. This is due to our strict adherence to top quality design and technological innovation — as evidenced by our proprietary AC motor and controller technology, as well as a host of productivity and ergonomic enhancements.

Trust in Jungheinrich

For more than 60 years, our efficient and reliable lift trucks have been stacking and transporting in warehouses across the world. Customers have come to recognize Jungheinrich forklifts for their proven reliability and lower total cost of ownership, making them a critical part of today's warehouse productivity.

Experience the difference

Focusing on your operator's needs with excellent ergonomic designs and productivity-enhancing precision and control, Jungheinrich helps keep your business moving shift after shift.
